## **PROGENY TEST REGISTRATIONS APPLICATION FOR REIMBURSEMENT**

October 2007 (updated August 2016)

Once again, Jersey Australia has successfully negotiated with AI companies to offer our members rebates for registrations of all Jersey daughters sired by the nominated list of young bulls (see over page).

To be eligible for the \$11.00 reimbursement (plus GST), members must simply register (and pay in the normal manner) for all progeny of the nominated young sire teams as part of your annual calf registration routine and then submit this Application for Reimbursement form to the office.

Remember – reimbursement can only be given on registered daughters. Use your registration synopsis sheet or Herd Listing for herdbook details. Please allow 6 – 8 weeks for reimbursement. Jersey Australia will forward a cheque or direct deposit the funds into a nominated account.
