Brunchill Imp Justine 2nd

SUPREME GROUP OF 3 HEIFERS:

1. Ascot Park Pitinos Beauty
2. Macleigh Whiskeys Canary
3. Ascot Park Sultans Beauty

RESERVE SUPREME UDDER: Ascot Park Sultans Beauty

Toowoomba Royal Show

Jersey Judge – Troy Mauger's Comments

After much anticipation of coming to Queensland to judge the Jerseys and to see the improvement within the breed, I certainly wasn't disappointed. The numbers and quality were outstanding in all classes. A feature was the dairy qualities of all winners including excellent dairy bone, combined with strength, width and openness particularly through the chest and fore rib. All cattle had excellent feet and legs.

The Juvenile Champion (Braeburn Wata Melys) was a credit to her breeders and was everything I look for in a Dairy Heifer.

The Intermediate Champion (Ascot Park Pitinos Beauty) was the

ideal Jersey Heifer with tremendous balance and an outstanding udder. This heifer has a great future and a lot to offer the Jersey gene pool.

The Senior Champion (Brunchilli Imp Justine 2nd) was an extremely long cow. She had a capacious udder with excellent texture, width and strength of ligament.

The best Uddered Cow (Ascot Park Sultans Beauty) was faultless in attachments, height, width, teat size and placement. It certainly was good to catch up with old and new friends of the Jersey Breed and see a different part of Australia.

Brunchilli Imp Justine 2nd

Toowoomba Show celebrates 150 years 15th – 17th April 2010

Jerseys have the limelight being feature breed with Jersey Australia (QLD) nominating the event as the Queensland State Feature Show.
