Scott Barnett & Associates

Agricultural Production and Agribusiness Consultants

SBA is an agribusiness consultancy with speciality skills in the dairy industry, the mining-agriculture interface and agricultural finance. SBA has a reputation of being able to understand the needs, governance and reporting requirements of the corporate sector and helping corporate stakeholders understand the myriad of issues involved in working in and with the agricultural sector. While working extensively in the dairy sector, SBA has also provided advise to and worked with the on-farm production sectors of the beef, sheep, pig, extensive cropping (dryland and irrigated) and horticultural industries.
